

The **Demographics** tab lists the information Wolsey-Wessington School District currently has for the selected student. Here, parents/guardians may add or modify personal information, and non-household contact information, by clicking on the “Update” or “Add contact” links shown below.

Non-household contacts are those people who may be related to the student or people, who should be contacted in case of emergency for that student, but do not live in a household with that student.
